B. SUMMARY OF NIGHT FLIGHTS – SUMMER 2017

The summer 2017 summary of night flights (May to August) is presented to the Committee. 335 ad-hoc exemptions were granted for the summer of 2017 and 14 exemption requests were refused.

ADM continues to rigorously evaluate every request for exemption. It is noted that the restricted operation hours apply only to flights operated with an aircraft weighing more than 45,000 kg and that only these flights are required to submit an exemption request.
