WORK IN THE PASSENGER DROP-OFF ZONE AT MONTRÉAL–TRUDEAU

Dorval, January 17, 2017 – Aéroports de Montréal (ADM) wishes to inform members of the television media that because of work in the passenger drop-off zone on the terminal departures level, trucks will be prohibited from using the traffic lanes for several months. As a result, the only authorized parking area for microwave trucks will be at Entrance 11 on the departures level. To reach it, drivers should follow the road signs toward the Marriott hotel; at the Marriott passenger drop-off area, vehicles can back up to Entrance 11.

Reminder

WHAT: Parking of media microwave trucks at Montréal–Trudeau airport
