

# PUBLIC NOTICE

Notice is hereby given that  
effective April 1, 2021:

ADM Aéroports de Montréal will adjust the minimum landing charge for all flights at YUL Montréal-Trudeau International Airport, regardless of aircraft type. The minimum landing charge will now be set at \$216.

ADM Aéroports de Montréal will adjust the landing charge for all-cargo flights as well. The landing charge will now be set at \$12.40/1000 kg<sup>1</sup>.

The specific rate for piston aircraft will be abolished, such that the general charge will now be applied for that type of aircraft.

A fee equivalent to the Airport Improvement Fee, in the amount of \$10 (plus applicable taxes) per seat<sup>2</sup> upon departure, will now be charged for all passenger flights not using the terminal, as well as general aviation at YUL Montréal-Trudeau International Airport.

The increase in landing charges will ensure that the needs of users/customers of airport facilities continue to be met, while all revenues from fees equivalent to the Airport Improvement Fee will support the financing of airport infrastructure.

Notice given in Montréal on this Friday,  
January 29, 2021.

**Me Sylvain Choinière**  
Vice-President, Legal Affairs and  
Corporate Secretary

<sup>1</sup>Calculation based on MTOW (maximum take-off weight).

<sup>2</sup>Based on the number of seats in a typical aircraft configuration.
