

AIRPORT OPERATIONS AND AIR SERVICES DEVELOPMENT

WHS COMMITMENT - AIRPORT COMMUNITY

Aéroports de Montréal (ADM) places the utmost priority on the complete health and safety of all workers on its sites.

This statement confirms ADM's commitment to helping ensure that its partners' employees enjoy healthy and safe workplaces, thanks notably to a culture of prevention, awareness and engagement by one and all with this issue of great importance.

Our workplace health and safety vision:

At ADM, we aspire to perform to recognized **standards of excellence in workplace health and safety**, through the **enthusiasm, commitment** and **dependability** of our employees and the airport community as a whole.

As such, ADM undertakes to:

- Require that all of its service providers and partners comply with the legal requirements concerning workplace health and safety;
- Work with its partners to promote their employees' health and safety;
- Support any and all forums for exchange, co-operation, sharing of knowledge and promotion of best practices in workplace health and safety;
- Act diligently with regard to all health and safety matters or issues brought to its attention and that fall within its jurisdiction.

To ensure that everyone concerned complies with this statement, ADM is implementing the mechanisms that it deems necessary.

Stéphane Lapierre
Vice-President, Airport Operations and Air Services Development
