**Montréal–Trudeau airport presents
“Three decades of jazz in Montréal” photo exhibition**

Montréal, March 29, 2010 - Aéroports de Montréal (ADM) is proud to present the *Three decades of jazz in Montréal* photo exhibition at Montréal–Trudeau airport. This unique exhibition, coordinated by photographer André Paradis, celebrates the 30th anniversary of the Festival International de Jazz de Montréal and the official opening of the Quartier des spectacles.

The exhibition is displayed on lighted columns near the shopping area on the departures level, as well as in the public international arrivals hall. It includes celebrated local and international jazz musicians to tell a colourful pictorial story of Montréal and world jazz culture.

This exhibition is part of the Montréal Identity Program, ADM’s innovative initiative to imbue the airport facilities with a typically “Montréal” character and at the same time support the city’s artistic and cultural development.

ADM is the local airport authority responsible for the management, operation and development of Montréal–Trudeau and Montréal–Mirabel international airports since 1992. The Corporation employs a total of some 600 people at both airports and at head office.
